In the opinion of Gibbons, Del Deo, Dolan, Griffinger & Vecchione, a Professional Corporation, Bond Counsel to the County, assuming continuing compliance by the County with certain tax covenants described herein, under existing law, interest on the Series 2001 Bonds is excluded from the gross income of the owners of the Series 2001 Bonds for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code") and interest on the Series 2001 Bonds is not an item of tax preference under Section 57 of the Code for purposes of computing alternative minimum tax. Under existing law, interest on the Series 2001 Bonds and net gains from the sale of the Series 2001 Bonds are exempt from the tax imposed by the New Jersey Gross Income Tax Act. In the case of certain corporate holders of the Series 2001 Bonds, interest on the Series 2001 Bonds will be included in the calculation of the alternative minimum tax as a result of the inclusion of interest on the Series 2001 Bonds in "adjusted current earnings" of certain corporations. See "TAX MATTERS" herein.

**OFFICIAL STATEMENT
OF
THE COUNTY OF MONMOUTH
STATE OF NEW JERSEY**

**Relating to its
General Obligation Bonds, Series 2001**

I. DESCRIPTION OF THE SERIES 2001 BONDS

Introduction

This Official Statement, which includes the cover page and appendices attached hereto, has been prepared by officials of the County of Monmouth (the “County”), State of New Jersey (the “State”), in connection with the sale and issuance of \$36,010,000 aggregate principal amount of the County’s General Obligation Bonds, Series 2001 (the “Series 2001 Bonds”) dated July 15, 2001, consisting of \$30,000,000 General Improvement Bonds, Series 2001 (the “General Improvement Bonds”) and \$6,010,000 County College Bonds, Series 2001 (County College Bond Act, P.L. 1971, c.12) (the “County College Bonds”).

The Series 2001 Bonds are issued pursuant to the Local Bond Law of New Jersey, constituting Chapter 2 of Title 40A of the New Jersey Statutes, as amended (the “Local Bond Law”), and where appropriate, Title 18A, Education, of the New Jersey Statutes. The Series 2001 Bonds have been authorized by various ordinances duly adopted by the County and a resolution of the County adopted at meeting of the Board of Freeholders of the County (the “County Board”) held on June 28, 2001. The Series 2001 Bonds will be general obligations of the County, whose full faith and credit are pledged to the payment of the principal of, redemption premium, if any, and interest on the Series 2001 Bonds, and for which the County shall, unless otherwise paid, levy ad valorem taxes upon all taxable real property within the County without limitation as to rate or amount.

Term

The Series 2001 Bonds will be dated July 15, 2001, and will mature on the dates (the “Principal Payment Dates”) and in the years and in the amounts set forth on the cover page hereof. The Series 2001 Bonds will bear interest payable semi-annually on January 15, 2002 and on each July 15 and January 15 thereafter.

Denomination and Place of Payments

The Series 2001 Bonds will initially be issued in fully registered form, without coupons, in the name of Cede & Co. (“Cede”), as nominee for The Depository Trust Company (“DTC”) which will act as securities depository for the Series 2001 Bonds under its book-entry-only system (the “DTC Book-

Entry-Only System”). An individual purchaser (the “Beneficial Owner”) may purchase a Series 2000 Bond in book-entry form (without certificates) in denominations of \$5,000, or any integral multiple thereof.

Provided Cede is the registered owner of the Series 2001 Bonds, the principal, redemption premium, if any, and interest on, the Series 2001 Bonds will be paid to DTC or Cede, as its nominee, and credited to the participants of DTC as listed on the records of DTC as of each next preceding January 1 and July 1 (the “Record Dates” for the payment of interest on the Series 2001 Bonds). See “OTHER INFORMATION - The DTC Book-Entry-Only System” herein.

Redemption Provisions

The Series 2001 Bonds maturing on or prior to July 15, 2010 shall not be subject to redemption prior to their respective maturity dates. The Series 2001 Bonds maturing on or after July 15, 2011 shall be subject to redemption prior to their respective maturity dates, on or after July 15, 2010 at the option of the County, either in whole or in part at any time in any order of maturity at par (the “Redemption Price”), and accrued interest thereon to the date of redemption.

Notice of Redemption shall be given by publishing such notice once a week for two (2) successive weeks in a newspaper of general circulation that carries financial news, is printed in the English language and is customarily published on each business day in the State of New York, the first of such publications to be at least thirty (30) but not more than sixty (60) days before the date fixed for redemption. A Notice of Redemption shall also be mailed by first class mail in a sealed envelope with postage prepaid to the registered owners of such Series 2001 Bonds at their respective addresses as they last appear on the registration books kept for that purpose by the County or a duly appointed bond registrar. However, so long as DTC (or any successor thereto) acts as Securities Depository for the Series 2001 Bonds, Notices of Redemption shall be sent to such depository and shall not be sent to the beneficial owners of the Series 2001 Bonds, nor shall the notice be published as provided herein. Any failure of such depository to advise any of its participants or any failure of any participant to notify any beneficial owner of any Notice of Redemption shall not affect the validity of the redemption proceedings. If the County determines to redeem a portion of the Series 2001 Bonds of a maturity, such Series 2001 Bonds shall be selected by the County by lot. If Notice of Redemption has been given as described herein, the Series 2001 Bonds, or the portion thereof called for redemption, shall be due and payable on the date fixed for redemption at the Redemption Price, together with accrued interest to the date fixed for redemption. Payment shall be made upon surrender of the Series 2001 Bonds redeemed.

Authorization

The Series 2001 Bonds have been authorized and are to be issued in accordance with the Local Bond Law and Title 18A, Education, of the New Jersey Statutes and various ordinances and a resolution adopted by the Board of Chosen Freeholders of the County. The ordinances included in the

sale of the Series 2001 Bonds were published in full after their adoption along with the statement that the twenty-day period of limitation within which a suit, action or proceeding questioning the validity of the authorizing bond ordinances can be commenced began to run from the date of the first publication of such estoppel statement. The Local Bond Law provides that after issuance all obligations shall be conclusively presumed to be fully authorized and issued by all laws of the State, and any person shall be estopped from questioning the sale, execution or delivery of the Series 2001 Bonds by the County.

Security for the Series 2001 Bonds

The Series 2001 Bonds are general obligations of the County whose full faith and credit are pledged to the payment of the principal of, redemption premium, if any, and interest thereon. The County is authorized and required by law to levy ad valorem taxes upon all the taxable real property within the County without limitation as to rate or amount for the payment of the principal of and interest on the Series 2001 Bonds.

The County College Bonds are entitled to the benefits of the provisions of the County College Bond Act, P.L. 1971, c.12 (N.J.S.A. 18A:64A-22.1 et seq.) (the "Act"). Under the provisions of the Act, the State shall appropriate and pay annually on behalf of the County an amount equal to the amount of principal and interest due on the County College Bonds. The amount paid by the state pursuant to the Act are paid directly to the paying agent for the County College Bonds and therefore must be used for the payment of the principal of an interest on the County College Bonds. Any obligations issued by the County that are entitled to the benefits of the provisions of the Act are not debts or liabilities of the State, but are dependent for repayment upon appropriations provided by law from time to time.

Purpose of the Issue

The proceeds of the Series 2001 Bonds will be used to finance the acquisition and construction of capital improvements authorized by various ordinances of the Board of Chosen

Freeholders of the County adopted on the date as set forth in the table below:

II. COUNTY OF MONMOUTH, NEW JERSEY, GENERAL INFORMATION

Description of the County

The County of Monmouth, with a land area of 471 square miles and water area of 60 square miles, is located in central New Jersey and is bordered on the west by Mercer and Middlesex Counties, on the south by Burlington and Ocean Counties, on the east by the Atlantic Ocean and on the north by the Raritan and Sandy Hook Bays. The County consists of fifty-three municipalities, whose populations range from 380 to 68,153.

County Government

The County is governed by a Board of Chosen Freeholders composed of five members, all of whom are elected at large. The County Administrator is responsible for the day-to-day operations of County government under the guidelines and policy supervision of the Board.

Reclamation Center Utility

On February 14, 1985, the Board of Chosen Freeholders unanimously approved the creation of the Monmouth County Reclamation Center Utility to operate the County landfill and various recycling and reclamation programs. The Reclamation Center Utility is currently a self-liquidating utility under the Local Bond Law and its activity has been shown as a separate fund in each year beginning with calendar

year 1985. See “Statement of Operations and Changes in Fund Balance - Reclamation Center Utility Fund - (1996-2000)” herein.

Solid Waste Disposal

The County presently uses solid waste processing and landfill facilities at the Monmouth County Reclamation Center (MCRC) in Tinton Falls for disposal of non-hazardous solid waste generated in the County that is not recycled. Although some County waste is disposed at out-of-state landfills since federal court decisions dismantled the NJ “waste flow control” regulations, the MCRC still accepts most solid waste from local businesses and municipalities. The MCRC accepted over 480,000 tons during 2000 and, at current monthly deliveries, is expected to accept more than 500,000 tons during 2001. Much of the waste has been shredded since the MCRC opened in 1976, making more efficient use of the available capacity. A new Materials Processing and Recovery Facility (MPRF) began operation in December 1996, and now accepts all municipal and bulky waste brought to the facility. Trucks dump regular and bulky waste in separate areas of an enclosed building, where waste is inspected, and some recyclables removed, before municipal waste is baled, and bulky waste sent to the shredding facility. A new phase III landfill area opened in August 1997, designed specifically as a balefill. With its new landfill space and MPRF operation, and conversion of the old shredder plant to handle the bulky waste, sufficient landfill capacity will be available for the County past the year 2017. This landfill capacity and facility have been included in the Monmouth County Solid Waste Management Plan, and certified by the NJDEP Commissioner. The Phase III Landfill and MPRF have received all necessary permits from the NJ Department of Environmental Protection. The County has also opened a permanent “Household Hazardous Waste Facility” adjacent to the landfill, to complement existing efforts to keep potentially toxic household paints and chemicals from reaching the landfill.

The County has also developed a comprehensive mandatory recycling program as part of its Solid Waste Plan. The program began in 1987 with a phased-in approach (over 12 months) for multi-material municipal private collection of residential, commercial and institutional recyclables. Many towns recycle additional materials not required by the County. The mandatory recycling program, in conjunction with the recovery operations at the Reclamation Center MPRF, results in an approximate over 50% recycling rate for the County as a whole. Current efforts focus on source reduction, such as backyard composting and environmental shopping, to reduce the total amount of waste requiring recycling or disposal.

Transportation

The County’s transportation network provides convenient access to destinations within New Jersey and the major cities beyond: New York, Boston, Philadelphia and Washington, D.C. There are in excess of 2,700 highway miles in Monmouth County. The Garden State Parkway runs the length of the County with seven interchanges located in the County. State Highways 9, 18, 33, 34, 35, 36 and 79 and Interstate 195 traverse the County. Other transportation facilities include the New Jersey coast railroad line with fourteen stations, six regional and four local bus systems, and the Monmouth County

Airport. The Monmouth County Airport has all weather flight capabilities and serves as a base for business travel.

III. FINANCIAL INFORMATION

County Taxes

County taxes are collected by the constituent municipalities and paid to the County Treasurer. The municipal levy includes all county, school and municipal taxes.

Each municipality is required to pay to the County Treasurer its share of the County Purpose Tax on the fifteenth day of February, May, August and November of each year. The County receives its share of the taxes collected by each municipality from the first taxes collected. The County has received 100% of its tax levy for each of the last five years.

CAP Limitations

Chapter 89, Public Laws of 1990, extended and amended Chapter 203, Public Laws of 1986, and Chapter 68, Public Laws of 1976, commonly referred to as the “CAP Laws”, places limits on county and municipal expenditures. The increase in the County tax levy is either 5% or the index rate when the index rate is lower than 5%. However, in any year for which the index rate exceeds 5% a county may, by resolution, provide that the tax levy of the county for such year be increased by a percentage rate, greater than 5% but not to exceed the index rate, over the previous year’s levy. The index rate is defined as the annual percentage increase in the Implicit Price Deflator for State and Local Government purchases of Goods and Services for the year preceding the current year. The index rate for 2001 is 4.0%

The Local Budget Law (N.J.S.A. 40A:4-1, et seq.)

The foundation of the New Jersey local finance system is the annual budget. Every local unit must adopt an operating budget in the form required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Items of revenue and appropriation are regulated by law and must be certified by the Director of the Division ("Director") prior to final adoption of the budget. The budget law requires each local unit to appropriate sufficient funds for payment of current debt service, and the Director is required to review the adequacy of such appropriations.

Tax anticipation notes are limited in amount by law and must be paid off in full by a county within six months of the close of the fiscal year. The County has no tax anticipation notes outstanding and presently does not anticipate issuing such notes.

The Director has no authority over individual operating appropriations, unless a specific amount is required by law, but the review functions focusing on anticipated revenues serve to protect the solvency of all local units.

The budgets of local units must be in balance; i.e., the total of anticipated revenues must equal the total of appropriations (N.J.S.A. 40A:4-22).

If in any year a county's expenditures exceed its realized revenues for that year, then such excess (deficit) must be raised in the succeeding year's budget.

Miscellaneous Revenues

N.J.S.A. 40A:4-26 provides that: "no miscellaneous revenues from any source shall be included as an anticipated revenue in the budget in an amount in excess of the amount actually realized in cash from the same source during the next preceding fiscal year, unless the Director shall determine upon application by the governing body that the facts clearly warrant the expectation that such excess amount will actually be realized in cash during the fiscal year and shall certify such determination in writing to the local unit".

No budget or amendment thereof shall be adopted unless the Director shall have previously certified his approval thereof with the exception of the inclusion of categorical grants-in-aid contracts for their face amount with an offsetting appropriation.

Deferral Of Current Expenses

Emergency appropriations made under N.J.S.A. 40A:4-46, after the adoption of the budget and the determination of the tax rate, may be authorized by the Board of Freeholders. However, with minor exceptions set forth below, such appropriations must be included in full in the following year's budget.

The exceptions are certain enumerated quasi-capital projects such as ice, snow, and flood damage to streets, roads, and bridges, which may be amortized over three years, and tax map preparation, revision of ordinances, and master plan preparations, which may be amortized over five years.

Under the amended “CAP” law, emergency resolutions aggregating less than 3% of the previous year’s final current operating appropriations may be raised in that portion of the budget outside the “CAP” if approved by at least two-thirds of the members of the Board of Freeholders and the Director of the Division of Local Government Services. Emergency resolutions that aggregate more than 3% of the previous year’s final current operating appropriations must be raised within the “CAP”. Emergency resolutions for debt service, capital improvements, the County’s share of Federal or State grants and other statutorily permitted items are outside the “CAP”.

Budget Transfers

Budget transfers provide a degree of flexibility and afford a control mechanism. Transfers between major appropriation accounts are prohibited until the last two months of the year. Subaccounts (line items) within an appropriation are not subject to the same year-end transfer restriction; however, they are subject to internal review and approval.

Capital Budget

In accordance with the local budget law, each local unit must adopt and annually revise a six-year capital program budget. The capital budget, when adopted, does not constitute the approval or appropriation of funds, but sets forth a plan of the possible capital expenditures which the local unit may contemplate over the next six years. Expenditures for capital purposes may be made either by ordinances adopted by the Board of Freeholders setting forth the items and the method of financing or from the annual operating budget if the items were detailed. See “Anticipated Capital Needs” herein.

The Local Fiscal Affairs Law (N.J.S.A. 40A:5-1, et seq.)

This law regulates the nonbudgetary financial activities of local governments. The chief financial officer of every local unit must file annually with the Director a verified statement of the financial condition of the local unit. The County’s statement is on file with the Clerk of the Board of Freeholders.

An independent examination of the County’s financial statements must be performed annually by a registered municipal accountant. The audit, conforming to the Division of Local Government Services “Requirements of Audit,” includes recommendations for improvement of the local unit’s financial procedures and must be filed with the Director prior to June 1 of each year. A synopsis of the audit report, together with all recommendations made, must be published in a local newspaper within 30 days of its completion.

The report of Armour S. Hulsart & Co., the County's independent auditor, for the calendar year ending December 31, 2000 appears in Appendix A to this Official Statement.

Current Fund operating results reflect a policy of conservatively estimating revenues so that at year-end positive fund balances are maintained. Revenue growth, plus the benefits of a tightly monitored hiring freeze and a new, managed budget approach, analogous to zero based budgeting, both implemented in the early nineties, have resulted in increased fund balances. Fund balance, as a percentage of expenditures, has increased from 5.7% in 1990 to 16.7% in 2000. This has allowed the County to relax its reliance on the property tax to balance budgets. In fact, since 1990 the average annual property tax increase has been 2.7%, consistently below corresponding rates of inflation throughout the decade. Revenue growth is expected to continue through 2001, as a result of the strong local economy.

Anticipated Capital Needs

The Board of Freeholders annually adopts a six-year capital improvement program setting forth its anticipated capital expenditures during that period. The program adopted by the Board of Freeholders on February 22, 2001 and amended on March 22, 2001 calls for expenditures of \$156,260,000 through the year 2006. Of this \$156,260,000 total, \$14,815,000 is anticipated to be paid from cash and Federal and State grants; the remaining \$141,445,000 will be financed by the issuance of bond anticipation notes or bonds of the County. Many of the projects represented in the capital improvement program have not received a funding commitment from the Board of Freeholders and their inclusion in the program represents a planning mechanism for future decisions of the Board.

Investment of Funds

The Director of Finance is responsible for the investment of funds for the County. Permitted investments for local governmental units in New Jersey pursuant to New Jersey Statute 40A:5-15.1 (the "Statute") are presented below:

1. Bonds or other obligations of the US or obligations guaranteed by the US.
2. Government money market mutual funds.
3. Fixed rate obligations issued by federal agency or federal instrumentality in accordance with an act of Congress, with maturity of not more than 397 days.
4. Bonds or other obligations of Monmouth County or of school districts within Monmouth County.
5. Bonds or other obligations with maturity of not more than 397 days, approved by the Division of Investment of the Department of the Treasury for investment by local units.
6. Local government investment pools, as defined by the Statute.
7. Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1997, c.281 (C.52:18A-90.4).
8. Repurchase agreements fully collateralized by securities outlined in (1) and (3) above, with custody of collateral transferred to a third party, maturity not exceeding 30 days, underlying securities purchased through a public depository and an executed master repurchase agreement providing for the custody and security of collateral.

The composition of the County's current portfolio is presented in the table below:

<u>Type of Security</u>	<u>Amount</u>	<u>Percent</u>
New Jersey Cash Management Fund (1)	\$124,827,825	49.74%
New Jersey Asset and Rebate Management Program(1)	80,000,000	31.88
Federal National Mortgage Agency (2)	38,150,000	15.20
Federal Home Loan Bank (2)	8,000,000	3.18
	\$250,977,825	100.00%

(1) A money market fund administered and approved for investment by local units by the Division of Investment of the Department of Treasury.

(2) Maturity value.

None of the County's investments have a maturity date of more than 397 days from the date of purchase.

Pension Funds

County employees, who are eligible for a pension plan, are enrolled in one of three pension systems administered by the Division of Pensions; Treasury Department of the State of New Jersey. The three plans are: The Public Employees' Retirement System, Police and Firemen's Retirement System of New Jersey and the Judicial Retirement System of New Jersey. The Division annually charges counties and other participating governmental units for their respective contributions to the plans based upon actuarial methods. A portion of the cost is contributed by the employees. The County's share of pension costs, which is based upon the annual billings received from the State, amounted to \$2,242,407 for 2000 and \$850,011 for 2001.

Debt and Financial Management Policies

The Board of Chosen Freeholders adopted debt and financial management policies pursuant to a resolution adopted on September 14, 1995. The policies adopted were as follows:

1. The County will annually adopt a five year capital improvement program showing the projected capital expenditures and the source of funding for those expenditures. The County will determine the effect of the projected debt issuance on its net tax-supported debt ratios such as debt to full value, debt per capita, debt to personal income and debt service to revenues.
2. The County will maintain a target of net tax-supported debt service to revenues ratio, excluding debt service on Recreational Facilities Revenue Bonds, of 10%. The target is to be achieved over a period of time, but the maximum level will be 12.0%.

3. The County will maintain a minimum rapidity repayment rate of 70% of its net tax-supported debt to be retired in 10 years.
4. The County's ratio of net tax-supported debt to full value will not exceed 0.75%.
5. The ratio of net tax-supported debt to personal income will not exceed 2.0%.
6. The County will plan to have a minimum ratio of year-end Current Fund Balance to revenues of 3% and a target of at least 5%. This Current Fund Balance policy can be violated in times of fiscal stress as long as the County has a plan to restore the Fund Balance to appropriate levels.

IV. DEBT INFORMATION

Local Bond Law

The Local Bond Law generally governs the issuance of bonds and notes by local units to finance certain capital expenditures. Among its provisions are requirements that bonds must mature within the statutory period of usefulness of the projects bonded and that bonds be retired in serial installments. A five percent cash down payment is generally required toward the financing of capital expenditures. All bonds and notes issued by the County are general ("full faith and credit") obligations.

Debt Limits

The authorized bond indebtedness of the County is limited by statute, subject to the exceptions noted below, to an amount equal to two percent of its average equalized assessed valuation. The equalized valuation basis of the County is set by statute as the average for the last three years, of the equalized value of all taxable real property and certain Class II railroad property within its boundaries as annually determined by the State Board of Taxation.

Exceptions To Debt Limits - Extensions of Credit

The debt limit of the County may be exceeded with the approval of the Local Finance Board, a state regulatory agency, and as permitted by other statutory exceptions. If all or any part of a proposed debt authorization would exceed its debt limit, the County must apply to the Local Finance Board for an extension of credit. If the Local Finance Board determines that a proposed debt authorization would not materially impair the ability of the County to meet its obligations or to provide essential services, or makes other statutory determinations, approval is granted. In addition, debt in excess of the debt limit may be issued by the County under N.J.S.A. 40A:2-7(g) for purposes permitted under the Local Bond Law if the amount (exclusive of utility and assessment obligations) of such obligations and all others authorized pursuant to such provision during the then current fiscal year do not exceed an amount equal to two-thirds of the amount budgeted for the retirement of outstanding obligations. The County's net debt as of June 30, 2001 is .6566% of its equalized valuation basis, compared to the statutory debt limit of 2.00%.

Short-Term Financing

The County has the authority to sell short-term “bond anticipation notes” to temporarily finance a capital improvement or project in anticipation of the issuance of bonds, if the bond ordinance so provides. Under the Local Bond Law, bond anticipation notes, which are full faith and credit obligations of the issuer, may be issued for a period not exceeding one year and may be renewed from time to time, again for a period that does not exceed one year. All bond anticipation notes, including all renewals, must be paid not later than three years from their original date, unless the issuer begins to amortize such notes beginning in the third year. If the appropriate amortization is commenced in the third year, such notes must finally mature, and be paid not later than first day of the fifth month following the close of the tenth fiscal year next following the date of the original notes. The County has not issued any short-term debt since September 1997.

VI. LEGAL MATTERS

Legality of the Bonds

The legality of the Series 2001 Bonds will be subject to the final approving opinion of Gibbons, Del Deo, Dolan, Griffinger and Vecchione, a Professional Corporation, Bond Counsel to the County. Such opinion will be to the effect that the Series 2001 Bonds are valid and legally binding obligations of the County, and the County is authorized and required by law to levy ad valorem taxes upon all taxable real property by said County for the payment of Series 2001 Bonds and the interest thereon without limitation as to rate or amount.

Tax Matters

Exclusion of Interest on the Series 2001 Bonds from Gross Income for Federal Income Tax Purposes. The Internal Revenue Code of 1986, as amended (the “Code”), imposes certain requirements which must be met on a continuing basis subsequent to the issuance of the Series 2001 Bonds in order to assure that interest on the Series 2001 Bonds will be excluded from gross income for Federal income tax purposes under Section 103 of the Code. Failure of the County to comply with such requirements may cause interest on the Series 2001 Bonds to be included in gross income for Federal income tax purposes, retroactive to the date of the issuance of the Series 2001 Bonds. The County has covenanted to comply with the provisions of the Code applicable to the Series 2001 Bonds and has covenanted not to take any action or permit any action that would cause the interest on the Series 2001 Bonds to be included in gross income under Section 103 of the Code or cause interest on the Series 2001 Bonds to be treated as an item of tax preference under Section 57 of the Code.

Assuming the County observes its covenants with respect to compliance with the Code, Gibbons, Del Deo, Dolan, Griffinger & Vecchione, a Professional Corporation, Bond Counsel to the County, is of the opinion that, interest on the Series 2001 Bonds is excluded from the gross income of the owners of the Series 2001 Bonds for Federal income tax purposes pursuant to Section 103 of the Code and interest on the Series 2001 Bonds is not an item of tax preference under Section 57 of the Code for purposes of computing the alternative minimum tax.

Additional Federal Income Tax Consequences. In the case of certain corporate holders of the Series 2001 Bonds, interest on the Series 2001 Bonds will be included in the calculation of the alternative minimum tax as a result of the inclusion of interest on the Series 2001 Bonds in “adjusted current earnings” of certain corporations.

Prospective purchasers of the Series 2001 Bonds should be aware that ownership of, accrual of or receipt of interest on or disposition of tax-exempt obligations, such as the Series 2001 Bonds, may have additional Federal income tax consequences for certain taxpayers, including, without limitation, taxpayers eligible for the earned income credit, recipients of certain social security and certain railroad retirement benefits, taxpayers that may be deemed to have incurred or continued indebtedness to

purchase or carry tax-exempt obligations, financial institutions, property and casualty companies, foreign corporations and certain S corporations.

Bond Counsel expresses no opinion regarding any Federal tax consequences other than its opinion with regard to the exclusion of interest on the Series 2001 Bonds from gross income pursuant to Section 103 of the Code and interest on the Series 2001 Bonds not constituting an item of tax preference under Section 57 of the Code. Prospective purchasers of the Series 2001 Bonds should consult their tax advisors with respect to all other tax consequences (including, but not limited to, those listed above) of holding the Series 2001 Bonds.

State Taxation. Bond Counsel is of the opinion that, under existing law, interest on the Series 2001 Bonds and net gains from the sale of the Series 2001 Bonds are exempt from the tax imposed by the New Jersey Gross Income Tax Act.

Legality For Investment

The State and all public officers, municipalities, counties, political subdivisions and public bodies and agencies thereof, all banks, trust companies, savings and loan associations, savings banks and institutions, building and loan associations, investment companies and other persons carrying on banking business, all insurance companies and all executors, administrators, guardians, trustees and other fiduciaries may legally invest any sinking funds, moneys or other funds belonging to them or within their control in any bonds of the County including the Series 2001 Bonds, and such Series 2001 Bonds are authorized security for any and all public deposits.

Litigation

In the opinion of the County Counsel, there is no litigation pending or threatened, restraining or enjoining the issuance or delivery of the Series 2001 Bonds offered for sale or the levy or collection of any taxes to pay interest or principal of the Series 2001 Bonds, or in any manner questioning the authority of proceedings for the issuance of the Series 2001 Bonds or for the levy or collection of said taxes or adversely affecting the financial position of the County.

VII. OTHER INFORMATION

Report of Independent Public Accountants

The financial statements of the County included in Appendix A have been audited by Armour S. Hulsart and Company, independent public accountants, as stated in its report appearing therein and are included in reliance upon the report of such firm and upon its authority as experts in accounting and auditing.

Ratings

Fitch, Moody's Investors Service, Inc., and Standard & Poor's Rating Service, a division of The McGraw-Hill Companies Inc., have assigned the Series 2001 Bonds the ratings of AAA, Aaa and AAA, respectively. The ratings assigned reflect only the view of the organizations assigning such ratings, and an explanation of the significance of the ratings may be obtained only from those organizations. There can be no assurance that such ratings will be retained for any given period of time or that a particular rating will not be revised downward or withdrawn by the respective rating agency if in its judgment circumstances so warrant. Any downward revision or withdrawal of any rating may have an adverse impact on the market price of the Series 2001 Bonds.

The DTC Book-Entry-Only System

DTC will act as securities depository for the Series 2001 Bonds. The Series 2001 Bonds will be issued as fully registered securities registered in the name of Cede & Co. as nominee for DTC. One fully registered Series 2000 Bond certificate will be issued for each maturity of the Series 2001 Bonds, each in the aggregate principal amount of Series 2001 Bonds maturing in each year, and will be deposited with DTC.

DTC is a limited purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds securities that its participants ("Participants") deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc., and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The Rules applicable to DTC and its Participants are on file with the Securities and Exchange Commission.

Purchases of Series 2001 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2001 Bonds on DTC's records. The ownership interest of each actual purchaser of each Series 2000 Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2001 Bonds are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Series 2001 Bonds, except in the event that the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Series 2001 Bonds deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of Series 2001 Bonds with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2001 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2001 Bonds are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. will consent or vote with respect to Series 2001 Bonds. Under its usual procedures, DTC mails an Omnibus Proxy to the County as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2001 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Series 2001 Bonds will be made to DTC. DTC's practice is to credit Direct Participants' accounts on the payable date in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on the payable date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC or the County, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the County, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Series 2001 Bonds at any time by giving reasonable notice to the County. Under such circumstances, in the event that successor securities depository is not obtained, Bond certificates are required to be printed and delivered.

The County may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the County believes to be reliable, but the County and the Underwriter take no responsibility for the accuracy thereof.

Secondary Market Disclosure

The Securities and Exchange Commission (the "SEC") pursuant to the Securities Exchange Act of 1934, as amended and supplemented (the "Securities Exchange Act") has adopted amendments to its Rule 15c2-12 ("Rule 15c2-12") effective July 3, 1995 which generally prohibits a broker, dealer, or municipal securities dealer ("Participating Underwriter") from purchasing or selling municipal securities, such as the Series 2001 Bonds, unless the Participating Underwriter has reasonably determined that an issuer of municipal securities or an obligated person has undertaken in a written agreement or contract for the benefit of holders of such securities to provide certain annual financial information and event notices to various information repositories (the "Continuing Disclosure Requirements").

On the date of delivery of the Series 2001 Bonds, the County will enter into a Continuing Disclosure Certificate ("the Continuing Disclosure Certificate") containing the Continuing Disclosure Requirements for the benefit of the beneficial holders of the Series 2001 Bonds pursuant to which the County will agree to comply on a continuing basis with the Continuing Disclosure Requirements of Rule 15c2-12. Specifically, the County will covenant for the benefit of the holders and beneficial owners of the Bonds to provide certain financial information and operating data relating to the County by not later than September 1 of each Fiscal Year of the County, commencing with the first Fiscal Year of the County ending after January 1, 2001 (which is currently scheduled to end on December 31, 2001) (the "Annual Report"), and to provide notices of the occurrence of certain enumerated events, if material. The Annual Report will be filed by the County with each Nationally Recognized Municipal Securities Information Repository (each, a "National Repository" and, collectively, the "National Repositories") and with the State Information Depository (the "State Repository"). (As of the date of this Official Statement, the State of New Jersey has not designated a State Repository.) The notices of material events will be filed by the County with each of the National Repositories or the Municipal Securities Rulemaking Board and the State Repository. The specific nature of the information to be contained in the Annual Report or the notices of material events is set forth in "Appendix B - Form of Continuing Disclosure Certificate". These covenants have been made in order to assist the Underwriter in complying with S.E.C. Rule 15c2-12(b)(5). The County has never failed to comply, in all material

respects, with any previous undertakings to provide continuing disclosure compliance with the requirements of Rule 15c2-12.

Dear Board Members:

We have examined certified copies of the proceedings of the Board of Chosen Freeholders of the County of Monmouth, State of New Jersey (the "County"), including ordinances, affidavits and certificates delivered by officials of the County, and other proofs submitted to us relative to the issuance and sale by the County of its \$36,010,000 aggregate principal amount of general obligation bonds, Series 2001, dated July 15, 2001 (the "Series 2001 Bonds"), consisting of \$30,000,000 General Improvement Bonds, Series 2001 (the "General Improvement Bonds") and \$6,010,000 County College Bonds, Series 2001 (County College Bond Act, P.L. 1971. c.12) (the "County College Bonds").

July 15, 2015	2,105,000		
July 15, 2016	2,105,000		

The Series 2001 Bonds are subject to redemption prior to maturity.

We have examined the Local Bond Law, the Education Law and such other laws and originals (or copies certified or otherwise identified to our satisfaction) of such instruments, certificates and documents as we deem necessary to render the opinions set forth herein. In such examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity to the original documents of all documents submitted to us as copies.

Based upon the foregoing and subject to the qualifications set forth herein, we are of the opinion that:

1. The aforementioned proceedings and proofs show lawful authority for the issuance and sale of the Series 2001 Bonds pursuant to the Local Bond Law, the Education Law and other applicable provisions of law, and that the Series 2001 Bonds have been duly authorized, executed and delivered and are valid and legally binding obligations of the County. The County College Bonds are entitled to the benefits of the provisions of the County College Bond Act, N.J.S.A. 18A:64A-22.1, et seq.

2. The County has the power and is obligated to levy ad valorem taxes upon all the taxable real property within the County for the payment of the principal of and interest on the Series 2001 Bonds, without limitation as to rate or amount.

3. Under existing law, interest on the Series 2001 Bonds is excluded from the gross income of the owners of the Series 2001 Bonds for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code") and interest on the Series 2001 Bonds is not an item of tax preference under Section 57 of the Code for purposes of computing the alternative minimum tax. We express no opinion regarding any other Federal income tax consequences arising with respect to the Series 2001 Bonds.

4. Under existing law, interest on the Series 2001 Bonds and net gains on the sale of the Series 2001 Bonds are exempt from the tax imposed by the New Jersey Gross Income Tax Act.

With respect to our federal income tax opinion, we note that the Code imposes certain requirements that must be met on a continuing basis subsequent to the issuance of the Series 2001 Bonds in order for interest on the Series 2001 Bonds to be excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Code. The County has covenanted to comply with the provisions of the Code applicable to the Series 2001 Bonds and has covenanted not to take any action or permit any action to be taken which would cause the interest on the Series 2001 Bonds to lose the exclusion from gross income for Federal income tax purposes under Section 103 of the Code or cause interest on the Series 2001 Bonds to be treated as an item of tax preference under Section 57 of the Code. We have assumed continuing compliance by the County with the above covenants in rendering our opinion with respect to the exclusion of interest on the Series 2001 Bonds from gross income for Federal income tax purposes and with respect to interest on the Series 2001 Bonds not constituting an item of tax preference.

Attention is called to the fact that we have not been requested to examine and have not examined any documents or information relating to the County other than the certified copies of the proceedings and proofs referred to hereinabove, and no opinion is expressed as to any financial or other information, or the adequacy thereof, which has been or may be supplied to any purchaser of said Series 2001 Bonds.

Our opinion concerning the enforceability of the Series 2001 Bonds is subject to federal and state laws regarding bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights and remedies generally (including, without limitation, laws relating to fraudulent conveyance, and by general principles of law and equity (regardless of whether enforcement is considered or sought in proceedings at law or in equity) and by limitation on remedial rights under applicable law). Their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.
